Combination Pliers
$14.15
Versatile combination pliers designed for gripping, bending, and cutting wire with ease. Featuring chrome vanadium steel construction with induction-hardened cutting edges, these pliers deliver excellent grip and leverage for a wide range of tasks. The precision-machined jaws combine flat gripping surfaces with a pipe-grip section and integrated wire cutter for true multi-purpose functionality. Ergonomic bi-component handles reduce hand fatigue during extended use and provide a secure hold even with oily or gloved hands. The joint is precisely fitted to eliminate play and ensure smooth operation over thousands of cycles. Ideal for electricians, mechanics, and DIY enthusiasts tackling everyday projects around the workshop or job site.

Versatile combination pliers designed for gripping, bending, and cutting wire with ease. Featuring chrome vanadium steel construction with induction-hardened cutting edges, these pliers deliver excellent grip and leverage for a wide range of tasks. The precision-machined jaws combine flat gripping surfaces with a pipe-grip section and integrated wire cutter for true multi-purpose functionality. Ergonomic bi-component handles reduce hand fatigue during extended use and provide a secure hold even with oily or gloved hands. The joint is precisely fitted to eliminate play and ensure smooth operation over thousands of cycles. Ideal for electricians, mechanics, and DIY enthusiasts tackling everyday projects around the workshop or job site.

Accessibility
These checks highlight opportunities to improve the accessibility of your web app. Automatic detection can only detect a subset of issues and does not guarantee the accessibility of your web app, so manual testing is also encouraged.
BEST PRACTICES
Touch targets do not have sufficient size or spacing.
Touch targets with sufficient size and spacing help users who may have difficulty targeting small controls to activate the targets. Learn more about touch targets
